PRO OFFICIATING WOMEN'S JERSEYS

SIZE: 42-50

REFEREE & OFFICIATING JERSEYS

Designed specifically for female officials. A Raglan-style shoulder allows the armband to be positioned in the correct location on the bicep. Other distinctive features include shorter overall body and arm length.

Force pro-style officiating jerseys are manufactured for top-level officials and the unique demands placed upon their equipment. Features include:

- + Scotchgard™ fabric protector with moisture management
- + Proprietary 100% polyester knit
- + Double-stitched seams
- + Shorter arm length
- + USA Hockey approved sew-in armbands (Referee)
- + Hockey Canada approved sewn-in armbands (Referee)
- + Universal snaps (Officiating) for optional armbands
- + Extra-wide arm
- + Collar, cuffs, and waistband made from F-Stretch™ spandex
- + Reinforced double-stitched gusset
- + Sewn-in armbands available in red/orange

PTX-PRO INTEGRATED PADDED PANT

SIZE: S-2XL

The PRX-PRO has been re-engineered to incorporate the latest protective and fit characteristics demanded by top officials.

- + Athletic fit – Full through hip/thigh with slightly tapered leg
- + Increased range of motion integrated padding
- + Enhanced fabric finishes including Teflon with anti-microbial
- + Multi adjustable tactical belt

PTX-PRO INTEGRATED PADDING FEATURES:

- + Compression Molded panels: hip, kidney, thigh, tailbone
- + Superior protection
- + Designed specifically for shock absorption
- + Ultra Light weight
- + Adjustable for precise fit

PRO A-21 OFFICIATING PANT

SIZE: XS-3XL

The Force Pro A-21 Officiating Pant is made from proprietary woven fabric with Teflon fabric protectors and is engineered to exceed the demands of professional athletes.

- + Standard cut hip/upper thighs with athletic tapered inseam
- + Tactical multi-adjustable belt
- + Blackout tone-on-tone embroidery

PTX-PRO & PRO A-21 PANT FEATURES

TEFLON® Fabric Protector with moisture management: Helps activewear transport perspiration away and resist staining. Bonded to each individual fiber of the fabric, it forms an invisible, durable finish that stops stains and absorbs perspiration, spreading it out for more effective evaporation.

Lock-Stitch Construction: The innovative lock-stitch weave will not fray and resists cuts and pulls.

Flexible and Lightweight: Pioneered for enhanced performance, lighter than back-coated nylons and remains flexible in lower temperatures.

Airflow: With no back coating needed to hold the fibers together, air flow is maximized, keeping the athlete cool, comfortable and dry.
